LA GIORNATA DEI CALZINI SPAIATI

6/2/2024

Stilasteca dei diversi

Questo è il giorno dei calzini spaiati
mancanti, spaiati e mai più ritrovati.

Si festeggia senza fare distinzioni
fra calze, calze o calzoncini.

Immediati e sempre più numerosi
ritornano nel cassetto sparati.

Ma oggi è un giorno speciale
e spaiati saranno da indossare.

Si può essere diversi e divertenti,
si può essere distinti e differenti.

Capire il bello della diversità
tutti uguali diventare ci farà.
